Presenters

Dr Jeremy Baker

General Practitioner/Researcher
Inspire Health

Lisia Ratima-Livesley

Community Engagement Manager
Cancer Society

AUDIENCE: All Canterbury primary care clinicians and PHO staff

Post Traumatic Stress Disorder is not well understood or addressed in primary care. There is a growing number of the population with either childhood or recent-event traumas who require our increased awareness and attention

This presentation will cover:

- Trauma (PTSD) presentation and symptoms as we encounter them in primary care
- Colonial and intergenerational background to trauma in Aotearoa
- Trauma-informed environment and how to engage with clients with PTSD

Professional Development

This event is currently being peer reviewed, and it is intended the content will meet the requirements of RNZCGP, NCNZ and PCNZ.
